

Saw Blade Depth Gauge

Get the depth of your next cut right on the mark.

No more guess work, wasted wood and wasted time!

Saw Blade Depth Gauge

- also works with your rip fence 1/8" to 1/4" to 2 1/4"
- set the exact width and depth of cut on your table or radial arm saw
- use as a straight edge or to measure width of stock

**Your next project
just got easier!**
