

Eyelet Punch Press

Whether assembling popsicle sticks or stacks of paper or punching holes though thin project wood... you'll find this punch second to none.

An extremely sharp cutter.

The smaller than normal grip size make this a nice punch for students.

Brass Eyelets - 250 piece package
Eyelet measures 4.65mm diameter x 4.75mm long

Very handy in Design and Tech class for punching popsicle sticks for 3/16 inch wooden axles.
